

Alternative directions to Aescap offices.

Accessibility with the public transport

The World Trade Center is perfectly situated if you travel by public transport. We advise the following connections.

Per train/bus

trains and busses stop at "Station Zuid/WTC". This station is situated 200 meter from the World Trade Center.

Per tram

At Central Station Amsterdam you take line 5 (direction Amstelveen). This tram stops at station Zuid/WTC.

Per metro

At Central Station you can use metro 51 direction Station Amstelveen Westwijk or line 50 from Station Sloterdijk direction Station Gein. Your final station is station Zuid/WTC.

If you arrive by train/other public transport please follow the sign for "Zuid Plein Tower A". When you go through the revolving door of the building take the escalators to the next floor and walk through the atrium (central hall) to the doors on the far left. These doors lead to tower B. Take the elevator to the 15th floor. Go through the glass doors to the left to Aescap Venture.

Per taxi

If you arrive by taxi, you should ask the driver to drop you off at the main entrance at Strawinskylaan and once through the sliding doors you will see the World Trade Centre reception desk, the ladies behind the desk will be able to point you in the direction of our offices on the 15th floor of the "B Tower".

Accessibility with the car

The World Trade Center is closely situated to the A10 highway and Schiphol. The map below shows you the easiest way to reach the WTC.

Parking facilities

The World Trade Center has 420 parking places available.

We advise you to follow the signs for P1 of the parking facilities. If you park in places 5, 6 and 7 you are close to the exit to Tower B where we are located on the 15th floor. Enter the WTC by the staircases and go up the escalator. When entering the central hall walk to the doors on the far left. These doors lead to tower B. Take the elevator to the 15th floor. Go through the glass doors to the left to get to Aescap Venture.
